

Context

This page is to list tips & tricks and sources about free to use and modify images / backgrounds / cartoons, etc for internal use to EvoluData (including client work)

We want the liberty to innovate. Ex.: one day, we could add a feature to Tiki that permits to fetch images, icons, etc. from such sources.

Ideal licenses

Use, Share, Adapt, and no need to attribute

- Public domain <https://creativecommons.org/about/cc0>
- (add others here)

Good sites ideal licenses

We can use, re-mix, without attribution

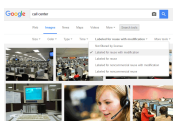

- <https://pixabay.com>
 - Also with FLOSS code: <https://goodies.pixabay.com/>
- <https://www.pexels.com>
 - I'm using this one lately they don't have trillions of illustration, but they have good quality pictures and they have also videos. Licence is good <https://www.pexels.com/photo-license/>
- <https://www.flickr.com/creativecommons/cc0-1.0/>

Acceptable licenses

- Use, Share, Adapt, with need to attribute (it's more work, but fair)
- <http://creativecommons.org/licenses/by/4.0/>
- Anything Wikipedia accepts? https://en.wikipedia.org/wiki/Wikipedia:Image_use_policy

Good sites with Acceptable licenses

Google Image search

Site with not fully Free/Libre/Open licenses

- <http://www.freeimages.com/> Free to use but with some restrictions ->
<http://www.freeimages.com/license>
