@Marc Laporte | Tâche finie mais en attente de  
l'integration pour le Merge Request  
shekinah.tshiokufila 2019-07-17 20:14

J'ai fini la tâche spécifiée mais je ne fais pas partie de l'équipe de tiki sur gitlab d'où je ne sais pas créer une branche afin de pousser (push) mes changements et effectuer une demande de fusion (Merge Request). Je téléverse (upload) en attachant les photos pour montrer les résultats du travail.

Make a merge request here

@Marc Laporte ! Merge Request  
shekinah.tshiokufila 2019-07-28 05:40

I am now waiting for 4 days for a reaction to my Merge Request on the gitlab repository but nothing.

You need to share the link here

So I do now: [https://gitlab.com/tikiwiki/tiki/merge\\_requests/140](https://gitlab.com/tikiwiki/tiki/merge_requests/140)

@Fabio ! Merge request  
shekinah.tshiokufila 2019-09-15 17:36

I updated my clone and made another merge request for master of tiki on gitlab.[Link](#)

@shekinah, about your merge request  
[Fabio Montefusco](#) 2019-09-16 10:49

Please, use <https://dev.tiki.org/Commit-Tags>, because `UPDATE` is not a valid tag. I'm not sure I understand your commit message. Can you rephrase it? Also, your merge request is 160 commits behind the master. Not use if you successfully updated your clone. Do you need help on that?

@Fabio, my answer !
